### DIVIDEND

Your Directors are pleased to recommend a payment of Dividend of Re. 1.50 (One rupee and fifty paise only) per Equity Share for the year ended 31st March, 2011.

### OPERATIONS

#### Tea Division

The overall performance of the Tea Industry during the calendar year 2010 has been mixed with crop remaining marginally lower and price realization also lower except for quality CTC Teas, which remained firm.

During the year under review, the Company achieved production of 21.20 lac kgs of Black Tea as compared to 20.95 lac kgs in the previous year. Although the production of own crop is marginally lower due to replanting operations but increased purchase of Green leaf led to higher production. The Company has still continued with its policy of uprooting old areas for Replantation. The sales realization has improved by about 3%. This has been possible due to your Company's continuous thrust on improved and better field practices.

In the current season, all India production upto February 2011 has been lower by 7.40 million kgs compared to corresponding previous year and also production of Tea in Kenya and Sri Lanka remained lower. Exports upto end of February, 2011 is lower by 2.77 million kgs as compared to corresponding previous period. However, sales realization per kg of tea is higher for North Indian Tea due to improved demand.

Considering the above scenario, the performance of tea division seems satisfactory.

#### Textile Division

During the year under review, the performance of Textile Division was satisfactory. The Textile Industry in India is slowly coming out of the after effects of global economic slowdown and is expected to stabilize and grow in future. The investment climate in the textile industry has improved significantly in the first half of 2010. Markets are reviving across the board.

Cotton production of India, the world's second biggest cotton producer, expected at 32 million bales in 2010-11. Prices of cotton which were running at around ₹ 28000 per candy at the opening of the season has increased to as high as ₹ 62000 per candy and currently at around ₹ 50000 per candy. Buoyed by the higher prices farmers are expected to sow more area under cotton cultivation and India is likely to achieve a record cotton output of 35 million bales in the Season 2011-12.

The increase in prices of raw material was passed on to the consumers and the prices of yarn and fabrics also increased in tandem and margins were favorable. However, from 1st December, 2010 the Government had put the export of cotton yarn in negative list and export for 2010-2011 was restricted to 720 million kgs resulting in accumulation of huge stocks with the spinning mills. Now, from 1st April, 2011 the export of cotton yarn has again shifted to OGL and the mills expect to rake in the margins stuck in the accumulated stocks.

## DIRECTORS' REPORT (Contd.)

Unfortunately, a fire broke out in the spinning section of the textile unit in the month of September, 2010. Although the same was covered under the insurance, there was loss of production during the initial period and financial loss to the tune of Rs. 19.91 lacs, which has been provided in the accounts for the year under consideration.

### MODERNISATION AND PROSPECTS

The constant endeavor of this division is to give due importance to modernization and keep watch over the latest technological developments thereby increasing its production of quality yarn/fabric at a reduced cost. The Company initiated a need based modernization plan of ₹ 1550 lacs in the year under review, which is nearing completion. The TUF scheme which was in abeyance has again been reinstated recently and the Company is ready with a project of about ₹ 2600 lacs under Capex programs during the current fiscal. On completion of the above projects, the Company will replace 21 TOYOTA Air Jet Looms with old 28 Air Jet Looms, replace 6 Auto Coners, about 24000 Spindles (incl. 17000 with Auto Doffing Spindles), 6 nos. Speed Frames and some processing machineries. This will result in value addition, higher production and reduction in cost.

Considering the above, the outlook for the Division appears to be optimistic.

### CORPORATE GOVERNANCE

In compliance with Clause 49 of the Listing Agreement, the Management Discussion & Analysis Report and Report on Corporate Governance are attached herewith marked as **Annexures - "A" and "B"** respectively.

### DIRECTORS' RESPONSIBILITY STATEMENT

The Directors hereby confirm :

- (i) That the Company had followed the applicable accounting standards in the preparation of the annual accounts for the year ended 31st March, 2011;
- (ii) That the Directors have made judgments and estimates that are reasonable and prudent and have selected accounting policies and applied them consistently to give true and fair view of the state of affairs of the Company as at 31st March, 2011 and its profit for the year ended on that date;
- (iii) That the Company has a proper and adequate system of internal control to ensure that all assets are safeguarded against losses and the system is capable of detecting fraud and other irregularities;
- (iv) That the annual accounts placed before you have been prepared on a going concern basis.

### FIXED DEPOSITS

As on 31st March, 2011, no amount is payable towards the fixed deposits accepted from public and matured for repayment.

### DIRECTORS

Mr. Golam Momen, Director of the Company retire by rotation at the ensuing Annual General Meeting and being eligible, offers himself, for re-appointment.

### AUDITORS

Messrs Jain & Co., Chartered Accountants, Auditors of the Company retire at the conclusion of the 28th Annual General Meeting and being eligible, expressed their willingness to continue, if so appointed.

### PERSONNEL

The Company operates in labour intensive business and the relations with the personnel generally remained cordial throughout the year.

The Board expresses its appreciation for the contribution of the employees at all levels. During the year under review no employee was in receipt of remuneration requiring disclosure under the provisions of Section 217 (2A) of the Companies Act, 1956 read with Companies (Particulars of Employees) Rules, 1975, as amended by Companies (Particulars of Employees) Amendment Rules, 2011.

### CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION, FOREIGN EXCHANGE EARNINGS AND OUTGO

A statement showing additional information on conservation of energy, technology absorption and foreign exchange earnings and outgo, as required pursuant to Section 217(1)(e) of the Companies Act, 1956 read with the Companies (Disclosure of Particulars in the Report of Board of Directors) Rules, 1988 is attached herewith marked as **Annexure - "C"**.

### ACKNOWLEDGEMENT

The Directors appreciate the co-operation and timely assistance extended by Banks and all other associates and look forward to continued fruitful association with all business partners of the Company.

## MANAGEMENT DISCUSSION & ANALYSIS REPORT

ANNEXURE - "A"

(Forming part of the Directors' Report for the financial year ended 31st March, 2011)

### TEXTILE DIVISION

**Industrial Structure and Developments :** Indian Textile Industry contributes about 14 percent to the Industrial Production and constitutes 4% of the GDP and 17% of the total export earnings. India has the potential to increase its Textile and Apparel share in World Trade from current level of 4.5% to 8% by 2020. This is mainly because of higher retail penetration in the domestic market, easy availability of cotton, and healthy export demand of yarn.

**Opportunities and Threats :** Cotton, the main raw material, is expecting a bumper crop as prices were very high during the previous year. It is expected that the prices will come down in spite of threat of higher export. Also the recently announced revised TUF Scheme will encourage investments and modernization to this sector. Appreciation of Indian rupee, change in government policy and availability of skilled labour are the major threats to the Industry.

**Product-wise Performance :** The production as well as the sales of yarn & cloth has decreased mainly due to outbreak of fire in the spinning section resulting in partial loss of production from September, 2010 to February, 2011 and discarding of 28 Air Jet Looms, which will be replaced with 21 TOYOTA Air Jet Looms in the current year. The average realization of yarn & cloth has improved significantly and also commensurate with the increased cotton price. The gist of performance of the textile products of the Company, during the financial year 2010-2011 is as under :

	Cloth			Yarn		
	Production (Lac Mtrs.)	Sales (Lac Mtrs.)	Average Realisation (Rs. Per Mtr.)	Production (Lac Kgs.)	Sales (Lac Kgs.)	Average Realisation (Rs. Per Kg.)
2010-11	97.24	103.30	61.23	38.44	33.88	191.44
2009-10	134.47	134.50	39.47	42.53	42.76	133.68
Change	(-) 27.69%	(-) 23.20%	(+) 55.13%	(-) 9.62%	(-) 20.77%	(+) 43.21%

**Outlook :** The outlook for the Indian textile industry is stable in 2011, despite appreciation of the value of the rupee against the U.S. dollar and a consequent dip in garment exports. Robust domestic demand for fabric and apparel, driven by India's increasing purchasing power, organized retail penetration and demographics, will keep demand for textile products growing. The Outlook of the Division is expected to be positive due to increasing value addition and modernization resulting in better quality and lower cost.

**Risk and Concerns :** The increase in the cotton prices, the appreciation of rupee, adverse changes in regulations (impacting raw materials or end-product prices) are the major areas of concern for the Textile Industry.

**Discussion on the Financial Performance with respect to the Operational Performance :** The division has shown improvement in performance by making a net profit of Rs. 53 lacs as against net loss of Rs. 56 lacs in the previous year. This is due to higher outsourcing demand of yarn, cloth and cost control measures initiated by the Company.

### TEA DIVISION

**Industry Structure & Developments :** The financial year 2010-11 has brought in mixed fortunes for the Tea Industry. In terms of crop production and export, it was lower than the corresponding previous year with only marginal improvement in the average sales realization.

**Opportunities & Threats :** The continuous promotional efforts and better marketing and brand building initiatives taken jointly by the Government/Tea Board including hunt for newer export markets, providing incentives in the form of subsidies etc, are likely to benefit the Industry in the long term.

## MANAGEMENT DISCUSSION & ANALYSIS REPORT (Contd.)

The higher increase in the cost of production is making Indian Teas uncompetitive in the International market. The increase in the production of green tea leaf by the small tea growers and mushrooming of bought-leaf factories is posing a serious threat to the organized Tea sector.

**Product-wise Performance :** During the year under review, the production of Green Tea leaves of Ananda Tea Estate was 68.68 lac kgs as compared to previous year of 69.75 lac kgs. The Company has improved the overall Tea production with the exploitation of outsourced green tea leaves, which stand higher during the year at 24.60 lac kgs in comparison to 22.16 lac kgs during the previous year. During the current year also, strong demand for teas persisted and the average realization of the tea sold by the Company was about 3% higher as compared to the previous year. The gist of performance of the division during the financial year 2010-2011 is as under :

Black Tea			
	Production (Lac Kgs.)	Sales (Lac Kgs.)	Average Realisation (Rs. Per Kg.)
2010-11	21.20	21.28	153.30
2009-10	20.95	20.97	148.84
Change (%)	(+) 1.19%	(+) 1.48%	(+) 3.00%

**Outlook :** The crop of the major producing countries viz. Kenya, Sri Lanka and India is ranging lower as compared to previous year which should have positive effect on the price realization of tea.

**Risks & Concerns :** Besides climatic conditions, global production, the strategy of bought leaf factories and import of cheaper tea for re-export may also affect the fate of the Tea Industry.

**Discussion on Financial Performance with respect to Operational Performance :** The Company's steady progress in making quality tea and better product mix has resulted into achieving satisfactory profitability. Considering the overall scenario of the Industry for quality tea, the performance of the Division appears to be satisfactory.

**Internal Control Systems and their Adequacy :** The Company has laid down guidelines procedures and policies for better management control, which are periodically tested and supplemented by an extensive internal audit program. Significant findings are placed before the Audit Committee of the Board and the corrective measures are recommended for implementation. In the opinion of the management, the existing internal checks & controls are adequate.

**Information regarding Human Resources/Industrial Relations :** The relationships with the employees at both the divisions were cordial throughout the year. Tea and Textile Industry are labour intensive and hence the human factor in this relationship is important. The Company did not suffer from any major disruption as your Company has favorable working environment that motivates performance; customer focus and innovation and adheres to the highest degree of quality and integrity among employees. The total numbers of manpower employed by the Textile and Tea Division as on 31st March, 2011 were 764 & 1389, respectively.

**Cautionary Statement :** The forward-looking statements and the views expressed in the Management Discussion and Analysis Report are based on certain assumptions. The actual results may differ materially from those stated therein. The Company would not be held liable, in any manner, if the future turns out to be quite different, even materially.

## CERTIFICATE ON CORPORATE GOVERNANCE

### TO THE MEMBERS OF BENGAL TEA & FABRICS LIMITED

We have examined the compliance of conditions of Corporate Governance by BENGAL TEA & FABRICS LIMITED (“the Company”) for the year ended on 31st March, 2011, as stipulated in Clause 49 of the Listing Agreement of the Company with the stock exchange.

The compliance of conditions of Corporate Governance is the responsibility of the management. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanation given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above mentioned Listing Agreement.

We have been explained that no investor grievances are pending for a period exceeding one month against the Company as per the records maintained by the Company.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

## AUDITORS' REPORT

### TO THE MEMBERS OF BENGAL TEA & FABRICS LIMITED

We have audited the attached Balance Sheet of BENGAL TEA & FABRICS LIMITED, as at 31st March, 2011, as well as the annexed Profit & Loss Account and the Cash Flow Statement for the year ended 31st March, 2011, in which are incorporated the accounts of the Textile Division, as audited by another firm of Chartered Accountants. These financial statements are the responsibility of the company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test check basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As required by the Companies (Auditor's Report) Order, 2003 as amended by the Companies (Auditor's Report) (Amendment) Order, 2004, issued by the Central Government in terms of Section 227(4A) of the Companies Act, 1956, of India (the 'Act') and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure, a statement on the matters specified in paragraphs 4 and 5 of the said Order to the extent applicable to the Company.

Further to our comments in the Annexure referred to above, we report that :

- a) We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit;
- b) In our opinion, proper books of accounts as required by law have been kept by the Company so far as appears from our examination of those books;
- c) The Balance Sheet, Profit & Loss Account and Cash Flow Statement dealt with by this report are in agreement with the books of account;
- d) In our opinion, the Balance Sheet, Profit & Loss Account and Cash Flow Statement dealt with by this report comply with the accounting standards referred to in Sub-section (3C) of Section 211 of the Act;
- e) On the basis of written representations received from the Directors, as on 31st March 2011, and taken on record by the Board of Directors, none of the Directors is disqualified as on 31st March, 2011 from being appointed as a Director under Clause (g) of Sub-section (1) of Section 274 of the Act;
- f) In our opinion and to the best of our information and according to the explanations given to us, the said Financial Statements together with notes thereon and attached thereto give in the prescribed manner the information required by the Act and give a true and fair view in conformity with the accounting principles generally accepted in India;
  - i) In the case of Balance Sheet, of the state of affairs of the Company as at 31st March, 2011.
  - ii) In the case of Profit & Loss Account, of the profit of the Company for the year ended on that date.

## SCHEDULE FORMING PART OF THE ACCOUNTS

### SCHEDULE 'R' (Contd.)

#### 7. Exchange Fluctuations

Monetary Current Assets and Liabilities in foreign currency outstanding at the close of the financial year are valued at the appropriate exchange rates at the close of the year. The loss or gain due to fluctuation of exchange rates is charged to Profit & Loss Account.

#### 8. Sales

- i) Sale of goods is recognised at the point of despatch of finished goods to the customers.
- ii) Export sales are accounted on the basis of dates of Bill of Lading.
- iii) Export benefits in the nature of "Duty Entitlement Pass Book under the Duty Exemption Scheme", "Duty Draw back Scheme" and "Bishesh Krishi Upaz Yozana (BKU Yozana Scheme)" are accounted in the year of export.

#### 9. Employee Benefits

- i) Defined Contribution Plans : The Company has defined benefit contribution plans in the form of Provident Fund, Superannuation Fund, EDLI, ESIC and Labour Welfare Fund and the contributions are charged to the Profit & Loss Account of the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the respective funds.
- ii) Defined Benefit Plans : The Company has defined benefit plans namely Leave encashment/compensated absence and Gratuity for employees, the liability for which is determined on the basis of actuarial valuations at the end of the year. Gains and losses arising out of actuarial valuations are recognised immediately in the Profit and Loss Account as income or expense.
- iii) Other Defined Benefits : Provision for other Defined Benefit for long term leave encashment is made based on an independent actuarial valuation on projected unit credit method at the end of each financial year. Actuarial gains and losses are recognised immediately in the statement of profit and loss account as income or expenses. Company recognises the undiscounted amount of short term employee benefits during the accounting period based on service rendered by employee.
- iv) Retrenchment Compensation : Retrenchment Compensation is being amortised over a period of future benefit as estimated by the management.

#### 10. Impairment of Assets

The carrying amount of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss will be recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is greater of the asset net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to the present value by using weighted average cost of capital.

#### 11. Provisions, Contingent Liabilities and Contingent Assets

Provisions involving a substantial degree of estimation in measurement are recognised when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities are not recognised but are disclosed in the accounts by way of a note. Contingent assets are neither recognised nor disclosed in the financial statements.

#### 12. Taxes on Income

- i) Current tax is determined as the amount of tax payable in respect of taxable income for the year.
- ii) Deferred tax is recognised on the basis of timing differences, being the difference between taxable income and accounting income that originate in one period and capable of reversal in one or more subsequent periods.
